WORK EXPERIENCE

Save The Children Indonesia   **(Jan 2021 – Des 2021)**
Local Facilitator
As an agent to handle and also supervise the division goals. In terms of handling of football division, I teach and report every event that is related to the division's goals.

PT.Indokomas Buana Perkasa   **(Mar 2023 – Sept 2023)**
Technical Administrator
Part of Commissioning Division on Data Center project in Karawang - Indonesia.

- As commissioning admin, update and report are part of my duties. Based on the actual inspection from other parties, I need to make and update the report in the client platform to make sure the data deliver correctly and easy to understand to all parties.

- Setting, running and basic repairing site office inventory (printer, scanner, laptop and some technical equipment).
